To whom it may concern:

Mr. Piotr Dąbrowski translated for us two after-mentioned documents:

- Report concerning the situation of women on the Slovakian labour market (from English into French – 16 pages)
- Traffic organization study (from Polish into French – 22 pages)

The work was realized professionally and on time. Both translations were of very high quality regarding the accuracy, terminology use as well as the style.

We can recommend Mr. Piotr Dąbrowski as a conscientious and reliable translator.
